Safeguarding Savvy

Next week, we will have special assemblies on “One Punch Kills”, delivered by the charity One Punch Hull & East Yorkshire. This charity has been set up by Scott's family, which includes his dad Steve, mum Debbie, partner Naomi, and daughter Ella. They aim to raise awareness on the risks of one-punch attacks and the impact that a split-second decision to punch out can have, which changes lives forever. The message is to **stop, think, and walk away from an argument or a fight. It could save lives.**

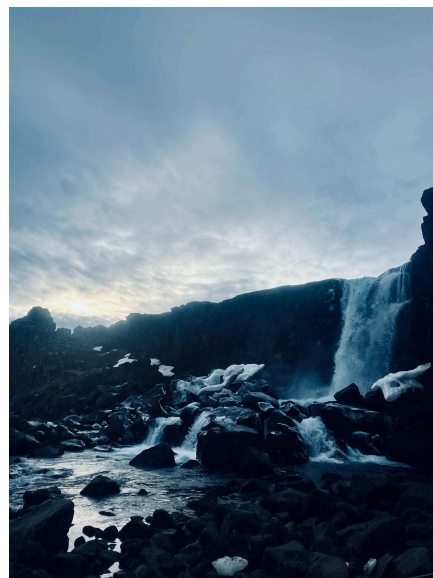

For more information about One Punch, please visit their website [here](#).

Extracurricular Celebration

Between 17th and 20th February 2025, the Geography department led 30 Year 9 and 10 students on the trip of a lifetime to Iceland!

Over the 4 days, we explored the dynamic physical landscape across the west of the country - from **explosive geysers** and waves cascading onto the beach in Vik, to a vast array of **stunning waterfalls**, there was little that was not **spectacular**.

The trip provided some excellent chances for students to explore their GCSE Geography themes first-hand and make connections between their learning in class and the physical environment. Students commented on the trip as being a '**life-changing**' **experience** for them, and our Geography team are hopeful that we can provide **more international adventures** in the future.

We are incredibly proud to share that our school team was shortlisted in the **prestigious V&A Innovate competition!**

On 18th March, they had the exciting opportunity to **pitch their idea to three celebrity judges at the V&A Museum in London**. The team put in a **tremendous amount of effort** leading up to the event, practising their pitch, creating prototypes, and organising every detail. Despite feeling nervous, they **delivered a remarkable performance**, sharing their vision of creating a sense of belonging for everyone in front of a full auditorium filled with teams from across the UK.

What makes this achievement **even more special is that Kelvin Hall School was one of the few non-private schools** to make it to this stage, being selected from over 200 entries in Britain. Their dedication and hard work earned them an Honorable Mention and recognition for their inclusive approach to design.

Kelvin Sports' Report

Congratulations to our **Under 14 girls football team** who qualified for the Hull Active Schools final after beating Winifred Holtby on the dreaded penalties, with Emily M putting in a player of the match performance!

Well done to all the Year 10 students who passed their Future Leaders Award. Project leader Ryan was impressed by how enthusiastic and mature our students were!!
