Rail Safety Resources

With the summer holidays approaching, it's vital that parents and carers are equipped with life-saving rail safety knowledge. Children and teens are more likely to be out and about during the break – and many may be near railway lines without fully understanding the risks.

Please see the following short rail safety videos. These resources are designed to educate and protect:

Extracurricular Celebration

This week, 7 of our Year 8 went back to London as part of the Raspberry Pi programme.

After arriving on Thursday and spending some time at the Natural History Museum, SHATHAM spent the evening presenting their product the eMono at the Science Museum **to over 200 business leaders from all over the UK**. The students **represented the school and Hull proudly**, and many comments were around how comfortable the students were speaking about the eMono.

The following day, we were able to visit Buckingham Palace, the Prime Minister's residence at 10 Downing Street, Trafalgar Square, and some other notable landmarks.

KHS entered our first-ever Fishing Competition on Thursday, 3rd July, The Lincolnshire Open.

The aim of the trip was to reward our high-flying students who like to fish outside of school, and students who have worked hard to align with our school values over recent weeks.

The KHS Fishing Team showcased top angling skills, filling their nets full of fish and enjoying lots of wrestles with monster carp.

Special mention to River H for finishing 3rd overall and catching the 2nd biggest fish of the day. Also, Harvey G was highlighted during the presentation for not
