

**Monday 1<sup>st</sup> June – 10am -11am.**

**Min. age: 14**

**Workwise – How to give your career the best start skills workshop**

**Closing date for application – 1<sup>st</sup> May 2021**

Want to know more about the world of work and the career paths available to you after you finish school?

Do you need a trusted interactive resource to be able to find out more about how to become an entrepreneur?

Are you looking for good and bad example of CV's and example activities used in assessment centres?

Finally, would you like to be able to talk to a colleague at Santander or attend a practice assessment centre...?

Workwise is coming soon to you, where you will find all the above and more to help guide you through to your next steps whatever they might be! Here at Santander one of our behaviours is showing support and during the pandemic we know it has been difficult for you to be able to get the work experience or face-to-face time with companies to help you shape your future.

Our website which you can access here - <https://editorials.santander.co.uk/editorial/external/workwise-2021>

Will give you the guidance and tools for you to be able to improve your knowledge of the working world and have the chance to speak to our colleagues at our workshops.

This is the first in our series of workshops where you will get the chance to talk to a colleague at Santander about key skills, how to prepare for a virtual interview and assessment centre, and ask our graduates & apprentices questions.

This one hour workshop will:

- Provide you with some ideas about what might be your `Dream Job`
- Know how to prepare for interview questions
- Consider how you manage yourself and your environment as part of the interview process

## Placement Notes

Workwise will give students access to on-demand resources on:

- Routes to Employment
- Large Company Structures
- Taxes, National Insurance, Pensions and Holidays
- Entrepreneurship
- CV Examples and Templates
- Assessment centres: What are they, practice activities

There are two optional workshops to accompany the site - the first on skills overview and development, preparing for an interview and finding out what it's like to be a graduate or apprentice.

## Skills/Experiences You Will Gain:

✓ Career Development Workshop

✓ Communication Skills
