Polo shirts

Students in all year groups must wear a Kelvin Hall or plain white polo shirt. We now offer different styles and fits of polo shirt. The school does not allow sleeves to be rolled up on any polo shirts.

Sweatshirts, jumpers, cardigans

Students across year groups can wear any of the following items: school sweatshirt, 'V' neck jumper or cardigan. Regardless of the item worn, all tops must be the standard school versions with the Kelvin logo.

Trousers, shorts, skirts

All students must wear plain, black, formal trousers, shorts, or skirts. Skirts must be knee-length. Trousers must be plain, full-length trousers without decorations or accessories, including zips. Shorts must be tailored, black, and knee-length. Plain black tights may be worn with skirts. Tight, short or flared skirts, as well as leggings, jeggings, chinos or jeans are not allowed.

Shoes and socks

All students must wear plain black, formal shoes, without logos, brandings, or markings. All shoes must be either flat or with a sensible low heel. High heels are not allowed in school. Trainers, boots and canvas shoes such as 'Vans' and 'Converse' style are not acceptable. Socks should be plain and black.

Jewellery

One ring, one pair of small stud earrings and one discreet bracelet are allowed. No necklaces are allowed in school. No facial piercings of any kind are allowed under any circumstances.

Hairstyles and Makeup

We allow natural makeup and accept a wide range of hairstyles. All we ask is that a student's hair is smart, and of a single natural colour. False eyelashes are not allowed.

Nails

Nails must be of a short, safe length. The school does not allow false nails or any other decorative embellishments.

Please note… some shops sell items in their school ranges that do not meet our uniform requirements and will not be acceptable in school. If you are unsure about suitable styles of uniform, please call your child's Year Leader who will be happy to clarify what is acceptable. The school will have the final decision on all uniform issues.
