Head of School: Mr C Leng
Deputy Headteachers: Mrs C Grandidge and Mr J Shaw

6th June 2022

Dear Parents and Carers,

During the week commencing 20th June, Year 7 students will begin End of Year exams in a number of their subjects. Some of these exams will take place in classrooms and some will take place in the examination hall. Attached to this email, you will find the schedule for those exams which are taking place in the examination hall. All other assessments can be found on the Year 7 page of our Curriculum website on the link below.

[Year 7 Curriculum Page](#)

Results from these exams will be used to provide feedback to students and parents on the End of Year report which will be shared with you in July. These exams will also inform our curriculum plans for students next year and guide us in which learning students still need help with. Students will spend some time preparing for these exams in their lessons and they can use the resources detailed in this letter.

This year, we have chosen to partner with some key organisations in order to boost students' foundation knowledge and exam skills, including Elevate Education and Century Tech.

Century Tech is an online home learning resource we have purchased for your child for English, Maths, and Science. The system has built-in diagnostics which will determine which bits of learning your child needs support with and provide appropriate 'nugget' lessons for them to complete. The system is built on an artificial intelligence that will continually assess your child's responses and decide the best thing for them to learn next to help them make progress. We have purchased a license for every child at Kelvin Hall School to help them catch up with their learning. This resource can be accessed using their Kelvin Hall Google Login details and using the link below.

If you have any questions about these examinations, please contact exams@kelvinhall.net.

Yours sincerely,

Mr Christopher Leng
Head of School
Kelvin Hall School
