## Arbor Parent & Guardian Portal

As you know, we have recently moved our information and communication systems to Arbor. Now that the system is up and running, we have turned on the Parent & Guardian Portal!

You should have already received an email this week with instructions, information, and links to get you started.

The Parent & Guardian Portal will build into a one-stop shop for most information relating to students at Kelvin Hall School. The portal already contains basic information about your child, their attendance, positive praise they have received, negative behaviour incidents, and detentions.

Throughout the year, more information will be added to the Parent & Guardian Portal, including assessment results, exam timetables, parents' evening bookings, trips and clubs, and more! You can also use the Parent & Guardian Portal to send us updated information about you and your children, such as new phone numbers and addresses.

Many of these functions can also be accessed on the Arbor Parent & Guardian App.

## Elevate Parent & Carer Workshops

For the last two years, we have worked with Elevate Education to provide study skills workshops for students. We're excited to announce that next week Elevate Education will be hosting its first free webinar of the year for parents and carers.

Elevate Education works with our students, delivering high-impact workshops on study skills, motivation, wellbeing, and exam preparation. By tuning into their webinar series you will learn how you can help better support your children at home by reinforcing the skills they learn at school.

**Tuesday 20th September 18:00 - 19:00**
