#### **Why did you choose this Career?**

The reason I chose my career is because I always had a passion for construction and home development. Also, I have enjoyed experiencing hands on tasks since I was little which meant that construction was a perfect place to shine.

#### **What pathway did you follow, why was this the most appropriate for you?**

I followed my Grandfather's wide knowledge and always seeing him work on things himself, gave me the confidence to not be afraid of getting my hands dirty once in a while to get a certain job done.

Having the confidence to do physical work and also loving the idea of construction made me think it's the way forward to gain the experience to succeed.
