20th September 2022

Dear Parents and Carers,

Over the last few years, student learning has been disrupted and students have not had as many opportunities to practise their revision and exam skills. As one part of our curriculum catch-up strategy, we have arranged for students in Year 10 to work with *Elevate Education* to boost their study skills.

Elevate Education is a study skills organisation that will work with our students over a series of 'masterclasses'. They will also provide resources for teachers and students, and training for parents on how to understand and support their children as they prepare for assessment exams.

The next masterclass for Year 10 students will take place in school on **Thursday 22nd September**. Year 10 will complete their masterclass in their Science Lesson Period 4 or Humanities lesson Period 5. This masterclass is called 'Study Sensei' and will cover the skills below.

The Study Sensei seminar covers:

- **Utilising the syllabus to frame study**
- **Structuring and reviewing organised notes**
- **Conceptual learning to develop deep understanding**
- **Utilising practice exam papers**
- **Standing out through independent learning**

This is a great opportunity for students to focus on their learning and study, and to learn valuable skills for their assessment and the next series of mock examinations this year. It is very important that all students attend school and do not miss out on this opportunity.

Kind regards,

Mrs Claire Keddy
Senior Director of Teaching & Learning
Kelvin Hall School
